Total	2,820	102.2

Ethnicity†	Survey Respondents‡	National Forest Visits (%)§
Hispanic / Latino	112	9.2

Selected Regions:
Pacific Northwest Region (R6) (FY 2020)

* A National Forest Visit is defined as the entry of one person upon a national forest to participate in recreation activities for an unspecified period of time. A National Forest Visit can be composed of multiple Site Visits.

Respondents could choose more than one racial group, so the total may be more than 100%.

† Race and Ethnicity were asked as two separate questions.

‡ Non-respondents to race/ethnicity questions were excluded from analysis.

§ Calculations are computed using weights that expand the sample of individuals to the population of National Forest Visits.
